× The Poem (stanza-1):

Blow, blow, thou winter wind

Thou art not so unkind

As man's ingratitude;

Thy tooth is not so keen,

Because thou art not so seen,

Although thy breath be rude.

Heigh-ho sing, heigh ho! Unto the green holly.

Most friendship is feigning, most loving mere folly.

Then high, the holly!

This life is most jolly.

The Poem (stanza-2):

Freeze, freeze, thou bitter sky.

That dost not so nigh

As benefits forgot

Though thou the waters warp,

Thy sting is not so sharp

As friend remembered not.

Heigh-ho sing, heigh ho! Unto the green holly.

Most friendship is feigning, most loving mere folly.

Then high, the holly!

This life is most jolly.
